Explanatory Notes for Study 2 Materials

Prepared by: How Hwee Ong

Last updated: 20 June 2022

This folder contains the following files for Study 2:

1. /Study Materials/**Study 2 Qualtrics.pdf**
   Printout of Qualtrics Survey

2. /Study Materials/**Study 2 Preregistration.pdf**
   Printout of Preregistration

3. /Data Files/ **Study 2 – Raw Data – Deidentified.csv**
   Raw data, deidentified

4. /Data Analysis/ **Study 2 – Analysis RMarkdown.rmd**
   Primary Analysis Script in RMarkdown format

5. /Data Analysis/ **Study 2 – Analysis Output.html**
   Output of the Rmarkdown analysis in html format

Study 2 – Raw Data – Deidentified.csv

- This is the raw data for Study 2 downloaded from Qualtrics.
- Potentially identifiying information (e.g., IP addresses, age) has been removed
- At the end of the study, we had an open-ended question where participants could optionally provide comments about the study. This variable was also removed in case identifiable personal information is present (e.g., participants may include their MTurk ID).
- See the PDF of the Qualtrics survey for the exact questions. Options are always coded in ascending order. For example, if a question had 3 options, the smallest value in the CSV is always the first option; the largest value is always the last option.

Variable Name	What it is?
StartDate	Usual Qualtrics data
EndDate	
Status	
Progress	
Duration (in seconds)	
Finished	
RecordedDate	
DistributionChannel	
UserLanguage	
Infosheet	Whether participants agree to provide consent (1 = Yes)

BRET_Practice_1 To BRET_Practice_25	These denotes whether each of the 25 boxes in the **practice** round were selected to be opened (On = opened, off = not opened).
BRET_Practice_t_First Click	Time spent on the BRET task practice round
BRET_Practice_t_Last Click	
BRET_Practice_t_Page Submit	
BRET_Practice_t_Click Count	
Understand_1	Understanding check questions. Participants cannot proceed until they had provided the correct answer. Therefore, all recorded responses were correct response.
Understand_2	
Understand_3	
BRET1_1 To BRET1_25	These denotes whether each of the 25 boxes in the **first** round were selected to be opened (On = opened, off = not opened).
BRET1_t_First Click	Time spent on the first round of the BRET Task.
BRET1_t_Last Click	
BRET1_t_Page Submit	
BRET1_t_Click Count	
Game_Choice	Choice of game version (1 = No pain, 2 = Pain) *Note that this variable was subsequently recoded in the analysis script to (0 = No pain, 1 = Pain).
Game_Choice_t_First Click	Time spent on the page where participants had to choose the version of the finger agility task.
Game_Choice_t_Last Click	
Game_Choice_t_Page Submit	
Game_Choice_t_Click Count	
BRET2_1 To BRET2_25	These denotes whether each of the 25 boxes in the **second** round were selected to be opened (On = opened, off = not opened).
BRET2_t_First Click	Time spent on the second round of the BRET Task.
BRET2_t_Last Click	
BRET2_t_Page Submit	
BRET2_t_Click Count	
Game_Actual	Self-reported score on the actual round of the finger agility task
Game_Actual_t_First Click	Time spent on the finger agility task actual round page
Game_Actual_t_Last Click	
Game_Actual_t_Page Submit	
Game_Actual_t_Click Count	
Recall_Choice	Recollection of the choice of game version (1 = No pain, 2 = Pain) Will be missing for participants in the 'No choice' condition
Pain	Reported level of pain on the finger agility task (1 to 7; higher = more pain)
BK_1 to	Responses on the Belief in Karma scale (1 to 5).

BK_16	
Gender	1 = Male, 2 = Female, 3 = Others, 4 = Prefer not to say
Gender_3_TEXT	Open-ended response for gender
Age	1 = Provided a response, 2 = prefer not to say
Age_1_TEXT	Age of participant
Condition	Condition of participants (Choice vs. NoChoice)
Round1Pay	Bonus payment for first round of BRET task
Round2Pay	Bonus payment for second round of BRET task
TotalBonus	Total bonus payment for both round of BRET task
Round1Bomb	Location of the bomb in the first round of BRET task
Round2Bomb	Location of the bomb in the second round of BRET task
Round0Bomb	Location of the bomb in the practice round of BRET task
Round0Pay	Bonus payment for practice round of BRET task (not actually used)
Round1Opened	Number of boxes opened on the first round of BRET task
Round2Opened	Number of boxes opened on the second round of BRET task
